

API 12 F STEEL & FIBERGLASS TANKS

ASME Separators, Treaters and Equipment

License No. 12F-0101
Monogrammed Tanks

Tanks are manufactured in accordance with API 12 F or UL-142 specifications. Tanks are available in standard barrel capacities from 100-1000 bbl. Special tank sizes or modifications are available upon request.

Tanks are welded on the interior and exterior to meet API specifications.
